## America's National Socialist Party

[Why Support the NSM? \(PDF file\)](#)

The NSM, America's National Socialist Party, is the largest and most active National Socialist party in America today. We are the political party for every patriotic white American.

We cooperate and work with many like-minded white nationalist groups and others that are either National Socialist or at least racially aware of our European heritage.

The NSM's core beliefs include defending the rights of white people everywhere, preservation of our European culture and heritage, strengthening family values, economic self-sufficiency, reform of illegal immigration policies, immediate withdrawal of our national military from an illegal Middle Eastern occupation, and promotion of white separation.

The National Socialist Movement was founded in 1974 and saw membership surge under the leadership of the charismatic Jeff Schoep. Jeff Schoep has worked to implement a new direction for the Party that includes

focusing on a truly American National Socialist Movement, which will give Americans the choice of electing a party that will combine the best of both Socialism and Capitalism to create a system that will stop the decay while bringing innovation, prosperity, and security to America.

The current two-party system is flawed, one in which each party in turn works to dismantle the work of the party formerly in power — and the cycle goes round and round, wasting billions of taxpayer dollars.

Progress is brought to a virtual halt as the two major parties spend most of their time bickering, rather than putting their country first!

In keeping with our family-friendly policies, membership is open to

non-Semitic heterosexuals of European descent. If you really care for your heritage and for the future of your family, race, and nation, fill out a Membership Application today. [JOIN.NSM88.ORG](http://JOIN.NSM88.ORG)

Are you ready to stand up and fight for your family, race, and nation? If not you, then who? If not now, when?
